By performing leading roles in many musicals, Greg has developed an impressive ability to capture the emotion and the power of the songs he sings. Songs are woven together with comic asides and backstage stories.

Powerful vocals with a passionate delivery. "He sings in a classic style, but with a contemporary flair that never gets boring." (Robert Marks). "His style is reminiscent of Josh Groban and Michael Crawford." (Stacey Anter for *The Woman's Page*). Award-winning independent recording artist Greg Bonin has an excellent rapport with audiences and an elegant, charismatic style.
